Management Representation Letter	

Honorable Mayor and City Council  
City of Wausau, Wisconsin

We have completed our audit of the basic financial statements of the City of Wausau, Wisconsin (the "City") as of and for the year ended December 31, 2013. The City's financial statements, including our report thereon dated June 25, 2014, are presented in a separate audit report document. Professional standards require that we provide you with the following information related to our audit.

Our Responsibilities Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter, our responsibility, as described by professional standards, is to plan and perform our audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement and are fairly presented in accordance with accounting principles generally accepted in the United States of America. Because an audit is designed to provide reasonable, but not absolute, assurance and because we did not perform a detailed examination of all transactions, there is a risk that material errors, fraud, noncompliance with the provisions of laws, regulations, contracts and grants or other illegal acts may exist and not be detected by us.

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on major federal and state programs in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State Single Audit Guidelines.

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also in accordance with OMB Circular A-133 and the State Single Audit Guidelines, we examined, on a test basis, evidence about the City's compliance with the types of compliance requirements described in the "U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement" and the State Single Audit Guidelines applicable to each of its major federal and state programs for the purpose of expressing an opinion on the City's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the City's compliance with those requirements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our correspondence about planning matters.

## Significant Audit Findings

### *Consideration of Internal Control*

In planning and performing our audit of the financial statements of the City as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the City's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control. Our report on internal control over financial reporting and on compliance and other matters is presented on pages 1 - 2 of the single audit report.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses.

### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the City are described in Note A to the financial statements. The City implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* for the year ended December 31, 2013. We noted no significant transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates included in the financial statements were:

Management's estimate of the fair value of investments is based upon the report of investment managers and custodians. We evaluated the key factors and assumptions used in developing the fair value estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the other post employment benefits is based on an actuarial report. We evaluated the key factors and assumptions used to develop the other post employment benefits in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the depreciable life of the capital assets is based upon analysis of the expected useful life of the capital assets. We evaluated the key factors and assumptions and the consistency in these factors and assumptions used to develop the depreciable life in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of accumulated sick leave is based upon analysis of the employees sick leave balance. We evaluated the key factors and assumptions and the consistency in these factors and assumptions used to develop the accumulated sick leave liability in determining that it is reasonable in relation to the financial statements taken as a whole.

Management estimated an allowance for uncollectible accounts for accounts receivable outstanding. These estimates are based upon management's knowledge of, and past experience with the outstanding balances. We evaluated the key factors and assumptions used to develop this estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The financial statements reflect all accounting adjustments proposed during our audit. Copies of the audit adjustments are available from management.

*Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

*Management Representations*

We have requested certain representations from management that are included in the management representation letter dated June 25, 2014. The management representation letter follows this communication.

*Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to conducting the audit. These discussions occurred in the normal course of our professional relationship and, to the best of our knowledge, our responses were not a condition to our retention.

This communication, which does not affect our report dated June 25, 2014 on the financial statements of the City, is intended solely for the information and use of the City Council, management, and others within the City, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Certified Public Accountants  
Wausau, Wisconsin

41. We agree with the findings of specialists in evaluating the other post-employment benefits, and incurred but not reported claims and have adequately considered the qualifications of the specialist in determining the amounts and disclosures used in the financial statements and underlying accounting records. We did not give or cause any instructions to be given to specialists with respect to the values or amounts derived in an attempt to bias their work, and we are not otherwise aware of any matters that have had an impact on the independence or objectivity of the specialists.
42. The fact that the amount of "uncollateralized" deposits or "uninsured, unregistered securities held by the counterparty, or by its trust department or agent but not in the City's name" during the period significantly exceeded the amounts in those categories as of the balance sheet was properly disclosed in the financial statements.
43. Arrangements with financial institutions involving repurchase, reverse repurchase, or securities lending agreements, compensating balances, or other arrangements involving restrictions on cash balances and line-of-credit or similar arrangements, have been properly recorded or disclosed in the financial statements.
44. The methods and significant assumptions used to determine fair values of financial instruments are as follows: Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The methods and significant assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.
45. Receivables recorded in the financial statements represent valid claims against debtors for transactions arising on or before the balance sheet date and have been appropriately reduced to their estimated net realizable value.
46. Capital assets have been evaluated for impairment as a result of significant and unexpected decline in service utility.
47. Provision has been made for any material loss that is probable from environmental remediation liabilities associated with Holtz-Krause Landfill Site. We believe that such estimate is reasonable based on available information and that the liabilities and related loss contingencies and the expected outcome of uncertainties have been adequately described in the financial statements.
48. We believe that the actuarial assumptions and methods used to measure OPEB liabilities and costs for financial accounting purposes are appropriate in the circumstances.
49. We do not plan to make frequent amendments to our other post-retirement benefit plans.
