				Old fence is rotted and falling apart so we would like to remove the existing fence and replace it in the exact same location with a new wood fence. In discussions with our back neighbors (1327 Grand Ave), they would prefer the unfinished side be facing their direction, which is oposite to Wausau's current code. I have included a request for deviation from this code signed by myself as well as the other homeowner giving me permission to face the unfinished side of the fence towards them if the city accepts the deviation request.
