Base Bid												
1	1	Replace the Northwestern and Greenwood Hills lift stations. The work shall include the installation of lift station enclosures to house new piping and valves and the pump control panel. The pump control panels will be purchased by the City of Wausau for installation by the Contractor. The work shall also include all associated mechanical and electrical work, connection to the existing force mains, pump replacement, connection to the City's existing SCADA system, pump programming, installation of a new emergency generator, painting, abandonment of the existing stations, access drive construction, and associated site restoration.	LS	1	\$921,525.92	\$921,525.92	\$980,500.00	\$980,500.00	\$997,550.00	\$997,550.00	\$999,600.00	\$999,600.00
Part II - Alternate												
2	2	Provide and install a flow meter, transmitter, and all accessories at the Northwestern lift station in the locations shown on the plans. See Section 40 90 20 of the Detailed Specifications for details.	LS	1	\$60,000.00	\$60,000.00	\$2,380.00	\$2,380.00	\$1,500.00	\$1,500.00	\$16,316.00	\$16,316.00
